## Let's Explore!

*Instructions: Read the dialogue aloud.*

This is radio WMEX. I am reporting live from the Phoenix Bakery in Cabo San Lucas. It's November the 1st, and the two-day celebration of the Day of the Dead is about to begin.

Bakers are here preparing "Pan de Muerto," the bread of the dead.

As the breads are coming out of the oven, customers are rushing to buy them. Many customers come back every year to buy these traditional breads in different shapes.

Some loaves are round, while others are in the shapes of people, skulls or animals. Bakers are putting plastic toy skeletons in the dough, because it's good luck to find these toys in the bread.

We wish a happy Day of the Dead to all of our listeners.

### Present Simple vs. Present Continuous

#### Simple Present Tense

You use the Simple Present tense to talk about:

- a routine action or specific action that happens regularly
- a general truth
- to give personal information

You can use expressions of frequency like every day or always with the Present Simple.

#### Present Continuous Tense

You form the Present Continuous tense with the verb **to be + verb-ing**.

You use the Present Continuous tense to talk about:

- a current event or action happening around now
- events that **are going to happen** soon (future plans)

You can use expressions like right now or later with the Present Continuous.
